Dear Friends of BIO:

The last week of March was a wonderful opportunity to reflect on the crucifixion of Christ and His resurrection from the grave. After all He accomplished, it might seem like there was nothing more to be done. However, there was something essential He needed to do so He spent nearly six more weeks with His disciples.

During those forty days he expounded to them things pertaining to the kingdom of God. As their time together came to a close He commissioned them with the greatest of all tasks: they should go to all nations and teach them the wonderful words of life, liberty and salvation through Christ.

I realize that most of you are already familiar with what I wrote in my opening paragraphs. However, I put them in this letter to remind us that even after two thousand years, you and I are in the same era as those first disciples were; the assignment has not changed nor its importance diminished.

The ministry of BIO centers on this: Helping You Fulfill the Great Commission. Our office staff and the missionaries who serve with BIO are committed to helping you and your church to carry the wonderful message of our Glorious Savior to the nations of the world. Please do not hesitate to call or email our office if we can be of assistance to you or your mission's ministry; we are here to serve you.

Thank you for investing financially and prayerfully in our missionaries and their ministries. Let each of us have an increasing desire to be actively involved in worldwide evangelism.

Yours in the harvest,

A handwritten signature in cursive script that reads 'Terry Childers'.
