**Love Goes Home**  
Live Global Missions

Here are pics of 14 new rescues in the Dominican Republic! Thank you for your faithful giving that makes this possible!

Love Goes Home equips an impoverished family with a 1/4 ton of each-rice, beans and cooking oil to begin a small business. We then are able to resupply each new business as needed. With the proceeds, the family is now financially equipped to join our Rescue Team and rescue 2 children per family!

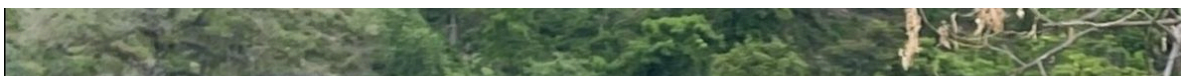

Here are the kids and Rescue Moms. Please pray for these new families!

Please pray for our national partner, Pastor P, as he ministers tirelessly to countless churches, families, and children!

The opportunities and needs are tremendous. Would you prayerfully consider joining our support team? Thank you! John and Becky
