

# Salvation message

Dear Monclova Road Baptist Church,

We never want to forget how vital prayer is to our ministry. Last week, we shared a request with you about our Winter Camp, and now we want to share with you how God answered your prayers.

Seth shared the Gospel last Friday night and then the campers went to talk with their counselors after the meeting. Through those conversations and others during camp, **9 people made professions of faith!** Praise the Lord!

We also challenged the campers to take the next step in their spiritual walk. For some, this means doing a daily Quiet Time, for others reading through the Bible or taking part in our Bible Marathon. The Bible Marathon is studying the book of 1 Peter. On March 15 we will have our annual International Quiz over the book of 1 Peter. Overall, **38 people committed to taking the next step in their spiritual walk.**

## Getting to camp

Each year, we have people come to camp from different contacts. We often get people who are connected to Bible Clubs or churches that we work with. This year we had two people come from different contacts.

Some of our staff help with a nursing home ministry that our local church has. When they went last time, they talked with the workers at the nursing home and one of them sent her daughter to camp. Her daughter is one of the nine who made professions of faith!

In December, we had the opportunity to have a booth at our town's Christmas market. We gave out hot chocolate, shared about our ministry, and shared the Gospel with people we met. We had a girl come to camp from the contacts we made at the Christmas market. We also met a girl who started coming to English Cafe after the Christmas market.

I share these things to show how God is using many different parts of our ministry to reach Poland with the Gospel. We have many open doors for ministry and we are thankful that you are a part of our ministry!

P.S. Our resource we have been enjoying as a family is a podcast called ***Tiny Theologians***. It brings theology down to a level that kids can understand and our kids enjoy listening. [HERE](#) is a link for you.
