## GROWING CLOSER TO GOD

There is something you need to give up to grow closer to God. That something is WORRY. Worry is worshipping the problem. Problems appear in our life as difficult, or uncomfortable situations for the express purpose to motivate us to refocus something in our life on the things of God. Prayer is handing the problem over to God and seeking to discover what it is that God wants to do in our life.

God tells us to cast all of our cares (worry) upon Him, because He cares for us.

"Casting all your care upon him; for he careth for you." I Peter 5:7 •

## PSALM 139:7-10

*"Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there. If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me."*

This month, I am privileged to be taking a well-needed vacation with my family. We decided to travel out west, in part to be with our daughter and now son-in-law, who decided to get married in the beautiful Badlands of SD. We've traveled many, many miles so far and have much more yet to go.

For the remainder of our journey, we will continue in a very non-linear direction, eventually heading to the west coast of our great America. As I sat and admired the beautiful mountains of the Black Hills this morning, I couldn't help but think about our friends and extended family back east, and of course, our dear families and friends in faraway Africa. As I travel about, it's not hard to notice differences in the people we meet, the diverse cultures, tastes, and their well-being. But there is absolutely one thing that we all share in common: WE NEED JESUS.

I take comfort in knowing that our God spans all of this beautiful earth, present and available at any moment for each one of us. I can't go too far where His mighty hand won't reach. Let's remember this as we go through God's appointed plan for our lives. As believers, we have the attention of the Almighty at any time and any place. Let's earnestly pray for those who yet don't know our dear Jesus, those who don't yet know that He is ever present, waiting for them to hear His knock and to open the door to eternal life. •

## A MUSTARD SEED

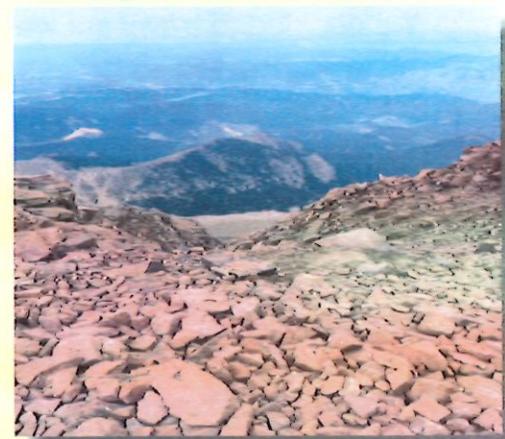

Such a tiny thing. I would never think it worthy to be used as a measuring tool. But God does! He says in His Word that mustard seed-sized faith is all we need to move mountains! To those of us who have been in church for years and have studied the Bible, this is common knowledge. We have heard it in sermons, Bible studies, slogans on t-shirts, coffee mugs, wall hangings, etc. It is wonderful to be reminded time and again about this truth. Jesus uses it in the gospels 5 times. But to apply it to our heart is a different experience from head knowledge and visual reminders. I was recently reminded once again of this truth as my husband and I visited the western US. I have a LOT of mountain pics.....we rode a cog train up one to the breathtaking (literally hard to breathe that high) view at 14,115' in elevation!

As I marvel at the beauty, God reminded me of these verses He gave us about faith. Really Lord?! Just a mustard seed of faith would move Pikes Peak? Then He reminded me of the mountains in my life and the life of our ministry. A storm took out the girls' dorm at the Bethany House in Liberia. That was a mountain to us all! But God in His love and mercy moved the hearts of you all, and we now have a beautiful place for these girls to live!

Money came in from places we never expected, because that is how the Holy Spirit works. I love that even though our mustard seed faith wonders how.....we can always depend on the God of the universe to handle it. He truly wants us to believe, and He will work with zeal to craft us into the person who really does live by faith. Thank you all so much for your obedience to that 'still small voice' that led you to give toward this life-changing project. The girls at the Bethany house are so very happy to have a safe and secure place to sleep, study, and grow. •

# MINISTRY AT WORK

**SEPTEMBER 2025**

## Description & Location

1. Construction of the school in the village of Mowoto is progressing well. The church congregation and other villagers are so excited to have this critically needed facility that even the ladies and children are involved. This school will draw students from 8-10 nearby towns that are within walking distance to Mowoto. What a blessing to be able to teach Christian principles and most importantly the saving grace of Jesus to so many children. **Mowoto, SLE**

2. Work to rebuild the girl's dormitory at the Bethany House Orphanage is almost complete! The ceiling work, floor tiling and the painting is now complete. It looks beautiful!! The only construction item remaining is to finish the bathrooms and very soon the girl's will be able to move in and enjoy their new dormitory. Again, thank you so much for the wonderful donations that have turned this disaster into an absolute blessing! **Saclepea, LIB**

3. Work on the school in Big Water continues. Here you can see the work on the foundation and footers in progress. Please consider supporting this project for the benefit of the many school kids in the area. **Big Water, SLE**

4. Construction of the Makripodis College continues. Here the men are bricking in the columns of main entry way. **Moyamba Junction, SLE**

5. Our National Youth and Young Adults conference was held in late August at the Moyamba Junction convention center. Strong Christian speakers and pastors provided biblical training and encouragement for the young adults who attended. **Moyamba Junction, SLE**
